

**Jesus said: "My house will be called a house of prayer." Our prayers are important to God and our church family. We ask God for His hand of Mercy on these we pray for together who are in need of prayer:**

- For **Jonathan A.**, cousin to **Michelle C.** He lives in Honduras and is in need of a kidney transplant. His sister is a match, but they are short on money to pay for it. Please pray for the surgeries and recovery for both and for help in raising the funds. (Michelle C.)
- For **Scott V.** who is recovering from a motorcycle accident.
- I wanted to give an update on my friend **JC** who we have been praying for the last couple of months. Praise God that JC's surgery was a success! The aneurism was removed, and the heart valve replacement was successful. Now the healing begins. Please continue prayers for his recovery during these next few weeks. (Vickie F.)
- For my friend, **Missy W. and her family** back in Indiana. Missy's son, Braden, was shot and killed in his sleep at home. Please pray for encouragement and strength in this time (Dave T.)
- For Pade S.'s grandson **Joshua** who was born premature. He has a grade 3 brain bleed. The rest of him has responded well, but this new complication can mean a shunt to the brain to drain and or brain damage in the future.
- For **Lynne B.** who has been out of work since 2009 and has now found a temporary job that goes through Sept. 8<sup>th</sup>. She does not have health insurance and asks for prayers for good health and for a permanent job with benefits.
- For **Rick B's grandchildren.** Praise God that the oldest one has come out of his coma and his collapsed lung has re-inflated and is now off of the support machines. He still has some recovery time and assessment ahead but is on his way. The youngest is still in a coma and needs intense prayer. (Patt P.)
- For Terri R's family who lost their grandmother. Please pray for them as they mourn her death. (Patt P.)
- For **Kim H's mom** as she is dealing with ongoing health issues.
- For **Jim M.** as he is recovering from back surgery. It will take 3 months before they know the full benefits of the fusion.
- For **Andrew**, a combat veteran, who has served 23 years in the Army. Recently he was sent home from Iraq due to abnormal bleeding. He now has just been diagnosed with inoperable terminal stomach cancer. Please pray for Andrew and his family that they will lean on God's strength during these very difficult times. (Phil E.)
- For **Julie L.** who is starting a 6<sup>th</sup> grade Bible study for her daughter and her friends.
- For Susan J.'s aunt, **Dorothy K.**, who is struggling with modularly thyroid cancer in advanced stages and just received a tracheostomy. For her comfort, as cleaning the trachea tube each day is very painful; and comfort for Uncle Pete who has heart failure and will live apart from her now as she undergoes around-the-clock care.
- For my great **Aunt Jean** of Montreal who was diagnosed with stage 3 uterine cancer and went through a 6 hour operation and will be starting chemo and radiation treatments. (Melinda C.)
- For a friend **Mindy** and her son, **Zach.** Zach was admitted to a hospital to overcome severe depression and drug addiction. Please pray for them to persevere with God's mercy and strength.
